Work Experience

LPN (Licensed Practical Nurse)

Carle Health - Bloomington, IL

September 2018 to Present

Medical Hills Internists - Pediatrics & Adult Medicine

- Worked in accordance with evidence based policies and procedures. Administered medications, immunizations, effectively triaged patients and directed them to the appropriate facility for care. Applied theoretical knowledge to the care of infants, children, adolescents, and adult patients. Demonstrated competence in problem solving and critical thinking that is appropriate for the patient populations served. Acted as liaison between healthcare entities and insurance companies in the patient's best interest.

LPN (Licensed Practical Nurse)

OSF HealthCare - Bloomington, IL

June 2013 to September 2018

During my time with OSF Healthcare I worked in a variety of roles; Hospice Nurse, LPN Respiratory Therapy Tech, ER and ICU Patient Care Tech. Below are the specific skills gained by this unique experience.

- Utilized physiological, psychological and spiritual knowledge to care for a variety of patients. Worked independently and executed workload in a timely manner. Functioned as a part of a multi-disciplinary team to meet the needs of patients and recognized the direct relationship between the effective/efficient provision of care/services to patient/agency. Under physician orders delivered selected treatments/procedures/tests and basic patient care. In-depth understanding of the principles of growth and development, as well as the physical, emotional, and psychosocial needs of the patient population served.
- Worked in accordance with evidenced based policies and procedures. Administered medical gases, medications, airway clearance, and other respiratory modalities for patients experiencing breathing problems under the direction of a physician. Applied theoretical knowledge to the care of adolescent and adult patients and other members of the healthcare team by demonstrating competence in respiratory skills, problem solving and critical thinking that is appropriate to the ages of the patient populations served.
- EKG's, Lab Draws, ADL's, Application of splints, assisting the providers and RN's as needed with various tasks, and training new ED Technicians/PCT's.

LPN (Licensed Practical Nurse)

Luther Oaks - Bloomington, IL

June 2016 to May 2018

PRN Charge Nurse

- Medication administration, maintain residents' medical record, and assisting physicians during treatment/observation. Schedule appointments for residents, providing holistic care and collaborating with the health care team.

LPN (Licensed Practical Nurse)

Chestnut Health Systems - Bloomington, IL

June 2016 to July 2017

Crisis Detox Unit

- Medication administration, continuous assessments for acute withdrawal, suicide/homicide risk assessments, develop safety/wellness plans, collaborating with numerous health care entities to ensure patient aftercare, triaging potential admissions, Acting as liaison between numerous health care entities and law enforcement agencies to ensure continuity of care.
