Work Experience

Registered Nurse

Wabash General Hospital - Mount Carmel, IL

2018 to Present

General med/surg floor nursing assessing the needs of each patient: adolescent, adult, and geriatric using the Nursing Process. Planning the nursing care needed to meet those needs, including the spiritual, emotional, and physiological needs. The RN is responsible to see that The Plan of Care is carried out through a range of patient care including: IV lines, catheters, feeding tubes, nasal gastric tubes, enemas, hygiene needs, dressing changes, blood glucose monitoring, O2 setups, telemetry, decubitus care, monitoring of vital signs, and assisting with activities of daily living. Administers IV and oral medications. Responsible for admission and discharge of patient along with patient and family teaching. Prepares patients for surgery. Responds to codes and emergencies. Administers quality control; counts narcotics, checks physician orders, updates patient charts, copies transfer papers, checks daily weights, monitors intake/output, and gives accurate report of patient's condition to oncoming shift. Notifies Supervisor, Physician, and family of changes in patient condition.

Cross trained into Monitored Care unit for specialized care to include cardiac and insulin drips, cardiac monitoring, and rapid response training.

Nursing supervisor; overseeing entire hospital during evenings, assisting nurses in patient care, making staffing decisions, patient family communication, etc.

Cross trained in ER with >1 year experience.

RN Staff Nurse

Christopher Rural Health Planning Corporation - Carmi, IL

February 2021 to July 2021

Staff Nurse RN - rooming and assessing patients; taking vital signs, medication reconciliation, updating patient's chart, performing or assisting providers with performing minor procedures in the clinic setting, giving immunizations, administering medications, completing referrals, pre certifications and prior authorizations. Responsible for triage line for patient's calling to determine if they are appropriate to be seen in clinic.
