Byron, IL

-Email me on Indeed: <http://www.indeed.com/r/Neida-Corkran/7bde71253158fd92>

To obtain employment as an LPN with a growing company that offers advancement possibilities and that would allow me to use my customer service, communication, computer and leadership skills, as well as knowledge as a foundation for outstanding patient care.

Willing to relocate to: Milwaukee, WI - Beloit, WI - Janesville, WI

Authorized to work in the US for any employer

Work Experience

LPN (Licensed Practical Nurse)

Focused Care Cedar Bayou - Baytown, TX

February 2020 to April 2021

Working 8/12/16 hr night shifts for a 109 bed facility when at capacity. Nightly medicare and skilled charting, performing computerized assessments on residents related to health/falls/change in condition, assessing residents health, nightly vital signs to assess for Coved 19 related symptoms. Accu-checks, medication administration, addressing lab and radiology results and relaying information to the attending Medical Director, entering orders in Point Click Care, overseeing CNA workload and assisting whenever necessary. Nightly enteral feedings and flushes in accordance with MD orders, Trach and PEG Tube care, weekly replacements of all oxygen and nebulizer treatments in accordance with State, working autonomously and critically thinking during emergent medical situations, performing CPR whenever required.

LPN Night Supervisor eventually Interim DOC

Cottages at Clear Lake - League City, TX

December 2019 to February 2020

Supervising CNAs/Care Givers in 2 buildings separate from each other. Completing Incident Reports and SIRS on residents. Performing Comprehensive Assessments. Accu checks on Diabetic residents. Administering medication as ordered. Chart Audits. Wound Care. VS. ETC...This was only a temporary position. I also covered for the Director of Resident services/Director of Clinical Services position, until one was hired.

Wound Care Nurse Manager

Oregon Living and Rehabilitation Center - Oregon, IL

July 2019 to December 2019

As a wound care Nurse Manager I was in charge of doing MDS for Wound Care Section M. Caring for all in house wounds. Rounding with Wound Care MD on a weekly Basis. Ensuring all treatments and Protocols were adhered to per MD order. Creating a weekly skin care observation tool to assist in the tracking and maintenance of wounds that were either facility acquired or unavoidable. Ensuring all interventions were in place and being adhered by staff. Administering Skin assessments to ensure documentation was in place. On call for 1 week once a month covering call off and handling Nursing calls.

Restorative Nurse Manager

Alden Debes - Rockford, IL

July 2016 to July 2019

Worked on LTC and the Skilled Medicare Sub-Acute Unit of a 190 bed facility which includes PT/OT/ST. I care for residents with Trachs, tube-feedings, wound care including wound vac application, CBI, Foley catheters, fractures, HF, DM, peritoneal dialysis, contact isolation precautions...etc. I administer medications, perform Accu-checks, and do daily Medicare charting including ABT charting, Post Occurrences, and MDS charting. Able to work autonomously and great in high pressure situations. Able to direct and monitor CNA staff as well as hospitality aides to ensure excellent resident care.

I worked as the Restorative Nurse for the facility from 01/15/2018 to 03/28/19 and was the Manager and the Department Head of Restorative. I worked in conjunction with PT/OT/ST to promote the best transition from Skilled Therapy to Restorative Therapy when the resident was ready. I had 3 Restorative Aides that assisted me in running our daily programs such as PROM/AROM, Walking, Contractures, Splints, Adaptive Utensils/Devices, and Daily ADLs. I documented in parts G,GG, H, J, O, and P as well as the CAAs related to my department for billing purposes. I was personally in charge of the Fall Prevention Program and would meet with staff and discuss falls and implement interventions to prevent future falls and track falls and the success of interventions on a daily Fall Tracker.

LPN Charge Nurse

Sentara Healthcare - Norfolk, VA

January 2016 to July 2016

Responsible for the care of residents and the supervision of CNA team members, on a 50 bed-Skilled Nursing Unit. Duties included administration of medication, accu-checks, insulin administration, MDS documentation, assessments including Braden, Elopement, Pain, Fall Risk, and Bowel and Bladder, maintenance and upkeep of medication carts and treatment carts, wound care, application of negative pressure dressings, IV medication administration, Assessment and care of Tube feedings and bolus feedings as ordered, maintaining and ordering of OTC medications and stock for the unit, order entry via computerized charting, admission documentation and assessments, use of critical thinking skills to assess and handle situations, 24hr documentation, attending to resident family members cares and concerns, maintaining a smoothly running unit through exceptional care to detail and excellent customer service. This was a 6 month travel assignment that entailed assisting the facility to a whole to ensure compliance after several H and G ratings per State compliance. I was brought in to ensure compliance, regulations, and excellent service in our Medicare based unit.

LPN (Licensed Practical Nurse)

Elmhurst Extended Care Center - Elmhurst, IL

May 2014 to December 2015

Responsibilities

As a Floor Nurse my duties were, but were not limited to...Administering medications and immunizations , Diabetic Accu-Checks and administration of insulin, preparation of IV fluid administration, monitoring of IV fluids, PT/INR's, wound care, extensive Medicare required documentation, attending in resident care plans twice a week to ensure excellent resident care through planning and modifications of care plan, MDS charting and restorative Nursing goals to improve patient care , CAA charting that included restorative care and PT/OT implementation to improve resident degree of compliance in their Care Plan to discharge, received and entered Physician's Orders into Point Click Care System, attended weekly in-services to better promote above and beyond patient care, supervised CNA staff to ensure quality care was performed, prepared residents for in-house Dialysis treatments, monitoring of and educating residents for exacerbation's due to related conditions/diagnosis, applications of negative

pressure dressings, implementing new documentation for the Skilled Medicare Unit to ensure smooth running, floated to Long-term Care and Dementia Units as needed by staffing, admission/discharge paperwork and education.

Accomplishments

Implemented documentation protocol that assisted in admissions to ensure accurate and reliable information to admit resident to the unit. MDS coordination and charting re: patient care and ADL restorative care and rehabilitation services for appropriate medicare charting.

Skills Used:

Wound care, Customer service, Knowledge of computers systems that included Medicare compliant goals and proper billing codes, knowledge of medications and their interactions, knowledge of signs and symptoms of exacerbation's of diagnosis and co-morbidities, critical thinking skills, problem solving skills, and a superior bedside manner.

LPN Home Health Field Nurse Presence Home Health Services

Resurrection Home Health Services

February 2011 to March 2014

Visiting Home Health Nurse. I visited between 5-7 patients per day in various locations. I am extensively skilled in the application of wound vac's and feel very comfortable performing all patient wound care. I frequently used my Spanish language skills to translate for other nurses and assist with admissions and education for these patients. I predominantly worked with Hispanic patients and instructed them on Diabetic education, CHF exacerbation, daily weights, medication review and preparation, wound care, diet modification and other educations ordered per MD. I also performed in home venipunctures as well as PT/INR tests via the PT/INR monitor.
