(715) 587-0253

I have 7 plus years of experience working in the health care field, the past year of which I have been practicing as a Licensed Practicle Nurse in a home health setting. Previous to this I have done travel nursing and have experience working in long term care facilities. I also have experience working with Covid positive residents and following procedures to keep the virus contained. I work very well under pressure, have exquisite communication skills, and am great at staying organized while prioritizing multiple tasks that need to be completed within a specific time frame. Nursing is my passion and I'd love to share my passion with you.

Authorized to work in the US for any employer
