Objective

Driven worker looking to expand all knowledge in nursing, eager and willing to learn. Experienced in total patient cares, including a positive attitude. The patients are always the focus while still having appropriate time management skills. Always a team player.

Experience

July 2020- Present

Registered Nurse • Critical Illness Recovery Floor • Select Medical (St. Francis Hospital Milwaukee, WI)

June 2019- December 2020

Registered Nurse • LTC • St Francis Health Services (St. Francis, WI)

July 2013- August 2019

Surgical Vet Tech • Hales Corners Veterinary Clinic

Most recent experience is on a critical illness recovery floor, working with ICU patients, ventilator experience, trach care, suctioning, gastric tube cares and placements, wound care, critical drips with titrations, IV placements, basic medication administrations, total patient care, and more.

Communication

The ability to communicate effectively is important being a nurse, whether it is communicating to your patient, coworkers, CNO, or a doctor to properly care for your patients.
