To Whom It May Concern:

Enclosed is my resume in consideration for a Registered Nurse position within your organization.

I have recently had the opportunity to relocate to the Pewaukee area. Previous to that I had lived in Connecticut for 11 years, where I had attended school and completed an LPN program. I had worked in that capacity until my husband was transferred. This is when I had the opportunity to complete a bridge program with the opportunity to enter and complete a RN program. My employment includes diversified nursing experiences as well as supervisory responsibilities in nursing and with the Home Depot.

I believe my strong assessment, organizational and communications skills will enable me to immediately contribute to your organization. My salary requirements are negotiable and I look forward to an opportunity to meet with you to elaborate on my background in more detail.

Sincerely,

Cheryl M. Meloche

Enclosure
