Practicum Student, Loma Linda University Medical Center Cardiac ICU, Loma Linda, CA – Jan-March, 2015

Managed ICU and intermediate patient lists. Assessment, intervention, medication administration, and all documentation under the supervision of a preceptor for 13 bedside shifts. Experience working with cardiac monitoring, arterial lines, CVP monitoring, PA catheters, and code participation.

Study Group Leader, Loma Linda University School of Nursing, Loma Linda, CA – 2013-2014

Selected for this position because of high achievement in Pathophysiology and Psych/Mental Health nursing. Prepared review material for two groups a week and performed individualized tutoring in nursing pathophysiology and psych/mental health nursing for nursing students.

Mission Team, Associated Students of Walla Walla University, College Place, WA – 2012

For the Fall quarter of the '12-'13 school year I was employed by ASWWU. My job was to assist the Fundraising coordinator on planning and implementation of a campus wide project designed to involve students in service and included brainstorming, collecting information, professional presentation and the creation of a service database for Walla Walla University.

Community Service

Co-Vaccine Coordinator-Loma Linda Street Medicine

Loma Linda, CA –2014 - 2015

Coordinated flu vaccines for Loma Linda Street Medicine. LLSM provides primary health care for the homeless in San Bernardino's streets and shelters. Arranged for flu vaccines from the Department of Public Health, trained volunteers in safe vaccine administration and all documentation.

Volunteer-Loma Linda University Health Clinical Trails

Loma Linda, CA – 2013- 2014

Abstracted data from Cerner PowerChart and EPIC EMR systems.

Homeschool Teacher, Wings for Humanity

Mabaruma, Guyana, South America – 2011- 2012

My primary job was to homeschool the children of humanitarian medical volunteers in the Guyanese interior. In addition, assessed the learning abilities of local children and created lesson plans/taught, taught violin and piano lessons, helped to plan and teach at local

church, and volunteered at the local hospital. At the hospital in Mabaruma I did initial assessments on babies and pediatric clients and charted their growth.
