## INTENSIVE CARE UNIT NURSE

### PROFESSIONAL SUMMARY

---

Experienced ICU nurse working my initial 5 years in a 16 bed Cardiac ICU with a 1:2 patient ratio at a level 2 trauma center. I covered both night and day shift while providing excellent empathetic care and education to ICU as well as step-down level patients and families. The patient population under our care was culturally and socioeconomically diverse and presented with multiple various comorbidities that spanned the spectrum of care. Over the past year I have expanded my clinical knowledge and flexibility working as a travel nurse within cardiac, medical and surgical ICUs, many of which were converted to COVID ICUs and experienced low staffing. I am confident I could provide a calm and collected presence who can meet the challenges of your unit. I am eager to join your unit as I am a nurse who thrives working within a team as well as in the emergent situations that characterize critical care.

### LICENSES

---

- Registered Nurse State of North Carolina, 2015 - Present License # 279804
- Registered Nurse State of Illinois, 2020 - Present License # 041.508946
