Work Experience

CNA - Certified Nursing Assistant

Edenbrook Of Appleton - Appleton, WI

July 2020 to Present

- Wash, groom, shave, or drape patients to prepare them for surgery, treatment, or examination.
- Undress, wash, and dress patients who are unable to do so for themselves.
- Turn or reposition bedridden patients.
- Supply, collect, or empty bedpans.
- Stock or issue medical supplies, such as dressing packs or treatment trays.
- Review patients' dietary restrictions, food allergies, and preferences to ensure patient receives appropriate diet.
- Record vital signs, such as temperature, blood pressure, pulse, or respiration rate, as directed by medical or nursing staff.
- Restock patient rooms with personal hygiene items, such as towels, washcloths, soap, or toilet paper.
- Provide information such as directions, visiting hours, or patient status information to visitors or callers.
- Provide physical support to assist patients to perform daily living activities, such as getting out of bed, bathing, dressing, using the toilet, standing, walking, or exercising.
- Record height or weight of patients.
- Measure and record food and liquid intake or urinary and fecal output, reporting changes to medical or nursing staff.
- Observe or examine patients to detect symptoms that may require medical attention, such as bruises, open wounds, or blood in urine.
- Answer patient call signals, signal lights, bells, or intercom systems to determine patients' needs.
- Change bed linens or make beds.
- Communicate with patients to ascertain feelings or need for assistance or social and emotional support.
- Document or otherwise report observations of patient behavior, complaints, or physical symptoms to nurses.
- Exercise patients who are comatose, paralyzed, or have restricted mobility.
- Feed patients or assist patients to eat or drink.
- Lift or assist others to lift patients to move them on or off beds, examination tables, surgical tables, or stretchers.
- Prepare or serve food trays.
