EXPERIENCE

Alexian Brothers Medical Center, Elk Grove, IL — ED Nurse

December 2021 - Present

Experienced in caring for patients in critical conditions including cardiac arrest, STEMI, and Neuro complications. Delegation of tasks to supporting nursing and ancillary staff. As a comprehensive stroke center, I provided care to high acuity patients in a timely manner for better outcomes following provider orders and coordinating patient care care.

Weiss Memorial Hospital, Chicago, IL — ED Nurse

October 2019 - December 2020

Triaged, assessed and evaluated patients to provide appropriate care as ordered for better patient outcome. Coordinated patient care with the interdisciplinary team. Primary RN for all levels and acuity. Preceptorship of new hired RNs.

South Shore Hospital, Chicago, IL — ED Nurse

September 2018 - January 2020

Provided bedside nursing care. Assisted during different procedures like intubations, central line placement and wound cleaning and suturing. Care for patients in psychiatric crisis needing emergency care.
