I am well rounded and dedicated Registered Nurse looking for opportunity to work in a hospital as a patient care. I am dedicated to continual growth and development, both professionally and personally that I may serve both my co-workers and my patients on a daily basis.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Nurse Trainee

Banker's Heart Institute - Vadodara, Gujarat

December 2013 to May 2014

- Inserted catheters and feeding tubes, changed out parts, and cared for tissue around insertion points.
- Contributed to progressive ambulation goals with safe movements between wheelchairs, stretchers, and beds.
- Enhanced outcomes by educating patients and loved ones about conditions, treatments, and at-home care.
- Maintained health standards by assisting patients with feeding and drinking.
- Helped with diagnostic testing and regular evaluations by collecting specimens, tracking input and output, and monitoring vitals.
- Cared for patients' wounds by applying bandages and topical medications.
- Upheld strict infection control and isolation techniques for patients with communicable diseases or compromised immune systems.
- Supported procedures by handling instruments and monitoring patients.
- Stabilized patients during emergencies with first aid and life support care.

Education

Diploma in Nursing and Midwifery in Nursing

Mamatha School of Nursing - Hyderabad, Telangana

August 2009 to June 2014
