To Whom It May Concern:

With absolute pleasure, I write this letter of recommendation in support of Becca Sobieck's application to the Licensed Practical Nurse (LPN) position within your institution.

I met Becca about two years ago, when she joined Princeton Sports and Family Medicine (PSFM) as a new to practice LPN. She immediately became an integral part of our practice by her enthusiasm, flexibility and willingness to learn. Over the last two years, it has been a pleasure watching her grow from a novice into an expert LPN – from taking on leadership roles within the practice training new clinical staff, to participating in office-wide quality improvement projects, to developing triage and safety protocols during the COVID pandemic.

I have watched many excellent LPNs come through our practice's medical scribe program. I have learned that there are three qualities that make for an outstanding employee: 1) the ability to work as a teammate with other staff members; 2) the ability to connect with patients; and 3) strong clinical and critical thinking skills. While an office is often lucky to find an employee with one or two of these skills, it is rare to find someone with all three. Becca has been a true standout in our clinic, as she possesses all three of these important qualities. Not only is she very conscientious, inquisitive, and receptive to feedback, but she also possesses a great personality that establishes quick and easy rapport with patients and staff alike. We have been so lucky to have her on our team.

I have no doubt in my mind that Becca will be an asset both to your institution. Although I am so sad to see her leave us, I am excited to watch her move into this next phase of her career and cheer her on every step of the way!

I recommend Becca Sobieck unreservedly, and hope you will consider her for the position to which she has applied. Please do not hesitate to contact me with any additional questions. My cell phone number is (717) 395-1100, and my email address is lauren.eisenhauer@gmail.com.

Sincerely,

Lauren Eisenhauer, MSN, RN, APN, FNP-BC, CNE
