## Work Experience

---

### **School Registered Nurse**

Waukegan Public Schools District 60 - Waukegan, IL

September 2020 to Present

Oversaw health services for school of 400 students and faculty.

Developed care plans and made referrals as necessary for students with health concerns or injuries.

Participated in development of school safety plans to address areas of concern, including asthma and Covid-19 safety.

Responded to patient requests with appropriate clinical and personal assistance.

Educated students and families about the medical compliance.

Participated in individual evaluation plans to develop student resources.

### **Registered Nurse, Psychiatric**

Ann Kiley Developmental Center - Waukegan, IL

February 2021 to March 2021

Observed and reported patient condition, progress and medication side effects to accurately document updates.

Educated patients and family members about medical conditions and mental health, medications, treatments and preventive measures.

Performed frequent ongoing assessments of patients' status to address changes or any abnormal changes.

Administered medications and treatment to patients and monitored responses while working with healthcare teams to adjust care plans.

Followed all personal and health data procedures to effectively comply with HIPAA laws and prevent information breaches.

Provided skilled, timely and level-headed emergency response to critically-ill patients.

Cared for patients in 30-bed unit, supporting fellow nurses in delivering outstanding treatment to patients.

### **Registered Nurse, COVID-19 Vaccine Clinic**

AbbVie - Chicago, IL

January 2021 to March 2021

Reviewed patient files and records, including allergies, problems, medications and immunization statuses.

Observed and recorded patients' responses to therapies and exercises to report.

Customer service

### **Registered Nurse, Medical-Surgical Unit**

Vista Health System - Waukegan, IL

October 2020 to December 2020

Reviewed post-operative orders and continuously monitored patients' post-operative vitals, set up PCA and fluids and oriented patients to unit to achieve optimal outcomes.

Performed emergency medical procedures such as BLS and other condition stabilizing interventions.

Conferred with physicians to discuss diagnoses and devise well-coordinated treatment approaches.

Ordered and analyzed diagnostic tests to identify and assess patient conditions.

Collected blood, tissue and other laboratory specimens and prepared for lab testing.

### **Mental Health Technician**

Ann Kiley Center - Waukegan, IL

October 2014 to October 2020

Escorted patients from unit to meals, activities and visitation areas to maintain standard of safety and security.

Identified behaviors that necessitated intervention and obtained assistance from qualified personnel to complete intervention.

Attended therapeutic educational group meetings and supported patients with guidance from RN or Psych medical professional.

Engaged with colleagues in treatment team meetings to promote positive patient treatment outcomes.

Applied de-escalation and limit-setting techniques to promote patient cooperation.

Participated in continuous quality improvement and performance improvement activities to enhance effectiveness and increase knowledge.

Helped patients with meals, activities of daily living (ADLs) and facility transfers to promote security and patient well-being.

### **Registered Nurse, Skilled Nursing**

Kenosha Estates Rehab & Care Center - Kenosha, WI

April 2020 to September 2020

Ordered all pharmacy supplies and kept check on inventory levels.
