Work Experience

Crossroads Care Center- 8633 32nd Ave, Kenosha, WI, 53142, (262) 694-8300

Supervisor: DON: Pattie, Nursing Manager Kim Walker

Position: LPN 07/2020- 02/2021

Job Description:

Long Term Care, Rehab, and Skilled nursing experience within LPN scope of practice under RN supervision. Tasks range from duties within facility protocol, charting, catheters, covid safety, infection control, wound vac care, G-tube care, ect skilled nursing cares.

Brightstar Staffing Agency- 5220 Washington Avenue, Ste 102, Racine, WI, 53406 (262) 637- 7767

Supervisor: Valerie/Tony

Position: Agency LPN (Racine-Kenosha Area) 02/2021- Currently Employed

Job Description:

Staff agency LPN for facilities within the Kenosha-Racine, WI area through contracts and per diem shifts. Some facilities I have been staffed at include The Villa of Racine, WI, Kenosha Estates of Kenosha, WI, and The Addison of Pleasant Prairie of Pleasant Prairie, WI. Each location has helped me build a stronger comfort level with nursing skills, which has given me the ability to adapt to different facilities with little to no orientation. It has also allowed me to help contribute to the circle of health care professionals who give great care to patients, especially throughout the time period of the COVID-19 pandemic. Duties included but were not limited to admissions, medication administration, wound care treatments, order, labs, and collaborating with the other health care team members to give great care to the patients. Enjoy working as an agency nurse and I am still currently employed through Brightstar Staffing Agency at the Racine, WI location.

Herzing LPN Clinical Experience

While attending the Herzing University LPN program from 2019-2020, I was able to gain clinical experience at The Manor of Kenosha, Oak Ridge in Union Grove, and The Grove of Zion. During my clinical experience I was able to practice nursing skills such as catheter insertion, vitals, wound care, medication administration, and learning essentials for the care plans of patients in relation to their diagnosis/ disease process.

Hello,

My name is Kadaijsha Blackmon and I graduated from Herzing University in May of 2020. I obtained my Board of Wisconsin LPN certification in June of 2020. I also hold an active BSL certification, Which I obtained by the American Heart Association in March of 2021. I am currently an RN student attending Herzing University and I anticipate to graduate with my BSN in the year of 2024. I am writing to you in regards to an open position I would like to fill at your facility. Since having obtained my Wisconsin LPN license in June 2020 I have gain experience working as an LPN in skilled nursing facilities as well as Assisted Living. I also have background experience as a nursing assistant for three years before becoming an LPN. I have been able to work with health care team members to give great care to patients during the COVID-19 pandemic. The coronavirus pandemic has had a notable impact on healthcare and I am honored to be included in this positive change of being able to serve the patients during this time of need. I am a great candidate because I will work in coordination with the patients, families, and health care team to ensure infection control, safety, teamwork, compassion, and care. Especially during this time of the outbreak of COVID-19. We all need to be able to work together as a team to be strong and of support during this time, and I will contribute this to your facility. Thank you for your time and I look forward to hearing back from you soon.

Best regards,

Kadaijsha Blackmon
