Long term care floor nurse

Breast Clinic Nurse Navigator

Mayo Clinic - Rochester, MN

May 2009 to December 2015

A medical professional whose clinical expertise and training guides patients and their caregivers to make informed decisions, collaborating with a multidisciplinary team to allow for timely cancer screening, diagnosis, treatment, and increased supportive care across the cancer continuum. In essence, nurse navigators guide patients through the healthcare system and help them to overcome barriers to optimal care. The navigation of patients with cancer requires extensive knowledge, specialized skills, and good clinical judgment, which can improve outcomes.
