Work Experience

Day Shift RN

Windmill Manor/RFMS Inc. - Coralville, IA

May 2019 to Present

Primary nurse for daily assigned hallway containing up to 35 residents to care for.

1. Administer all prescribed medications and treatments to residents on assigned hall from 6 AM to 6 PM.
2. When working with a Certified Medication Aide in the facility, administer any insulin injections, narcotic medications, IVs, treatments, and perform all nursing skills and assessments for that CMA's assigned hallway in addition to the duties of the RN's daily assigned hallway.
3. Competently administer injections, hang IVs, insert foley catheters, obtain blood and urine specimens, and perform NG feedings.
4. Monitor blood glucose of diabetic residents.
5. Perform daily observations/assessments based on admission/primary diagnoses and chart resident's status.
6. Communicate with physicians, pharmacy staff, residents and their families, physical therapy staff, activities staff, Hospice staff, and co-workers, in order to provide the best possible care for residents.
7. Take in and enter new physician orders as given via fax, phone, Mediprocity, or verbally in house.
8. Care for Hospice patients
9. Fill mobile O2 tanks and know how to operate/assemble an O2 compressor with humidified air for residents on oxygen.
10. Admitted and discharged residents.
11. Monitor/assess all residents at all times of interaction and prepare for hospital/ER transfer if necessary.

Night shift RN

PLG, Inc./Evergreen Estates II - Cedar Rapids, IA

August 2014 to April 2019

1. Sole care provider for up to 24 residents from 1900-0730 when scheduled to work.
2. Perform nightly rounds and check on every resident at 2-hour intervals.
3. Administer all medications, injections, and treatments as ordered to residents during bedtime and morning med passes.
4. Obtain blood sugars, weights, and urine specimens as ordered/required for residents.
5. Obtain and chart vital signs and complete assigned monthly/quarterly summaries on residents.
6. Perform fire drills as assigned/required.
7. Deliver a bedtime snack to all residents that request/require it.
8. Receive regularly scheduled pharmacy deliveries for the facility.
9. Empty all trash when housekeeper was unavailable (weekends, holidays, etc.)

10. Do laundry of all residents requiring it nightly.
11. Defrost med room and break room refrigerators as assigned.
12. Utilized the nursing process to assess, plan, intervene, and evaluate patient care
