Registered Nurse

Skilled career professional whom cares for numerous different patients with the aid of Doctors, other nurses, and healthcare members.

Trained and comfortable in the areas of medical/surgical, cardiac, vascular, pre and post op surgery, emergency services, and substance abuse.

Computer skilled, managing daily patient volume including telephone triage, appointment scheduling, and patient referral. Proficient in all documentation/record maintenance/paperwork to ensure accuracy and patient confidentiality.

Exceptional multi-tasking skills which allows prioritizing while providing superior patient care.

Recognized by many patients, co-workers, and family members for being an exceptional care provider and patient advocate.

Outstanding interpersonal and communication skills allowing for better, more personalized care for patients and family members.

CREDENTIALS

Registered Nurse (RN)-Iowa

2012

Work Experience

Charge Nurse

Brio of Johnston - Johnston, IA

October 2021 to Present

Work as a charge nurse in long-term care and skilled facility setting. Daily assessments and medication passing along with using strong communication skills to talk to family members and residents. Discuss and implement care plans with other team members and providers. The charge nurse also manages and supervises other team members and provides education as necessary.

Cardio/Pulm Charge Nurse

Mercy One - Des Moines, IA

June 2020 to September 2021

Cardio/pulm nursing who cares for patients with multiple organ system issues. This floor was the COVID floor during this time. I was responsible for caring for high-risk patients while assisting and providing leadership as a charge nurse. This is a high acuity and high-stress floor where quick thinking and critical judgment is necessary. Patient status changes and codes were common.

Registered Nurse (RN)

Iowa Clinic - Des Moines, IA

February 2017 to April 2020

Internal medicine clinical nurse who assisted the primary doctor in the clinical setting. Job duties included obtaining vital signs, documenting and refilling medications, working with PMP, triaging phone calls, assisting with bedside procedures, and administering immunizations.

Cardiac/Tele Charge Nurse

Iowa Methodist Medical Center - Des Moines, IA
September 2015 to April 2020

Worked with providers and other staff members to care for patients with heart, vascular, and multiple organ issues. Monitored telemetry strips, administered medications, monitored pre and post CABG and vascular procedure patients, and participated in code situations when necessary.

Acute Care RN

Manning Regional Healthcare Center - Manning, IA
June 2012 to August 2015

Employment started here in 2006 as a housekeeper to CNA, LPN, then RN in 2012.

Worked in the areas of substance abuse, ER, OB, SNF, and med/surg. This is a small-town hospital where there was the ability to stabilize emergent patients before sending them to the city. Worked with providers and other staff to provide cares and follow orders as directed.

Education

Bachelors of Science in Nursing

Briar Cliff University - Sioux City, IA
Present

Associate in Nursing

Des Moines Area Community College - Carroll, IA
2012
