Professional Experience

Advanced Practice Nurse (APN) Work History:

Northshore University HealthSystem

Multiple Locations, IL; 4/2019 - Present

HOSPITALIST ADVANCED PRACTICE NURSE

Provides Hospital Medicine coverage in conjunction and with an Internal Medicine Physician on inpatient service at both academic and community hospitals in the Northshore system. Complete all aspects of care from admission to discharge of adult patients with multiple co-morbidities with specialists as needed under current standards of care. Second role as sole admitting APP, completing History and Physicals, while performing cross-coverage responsibilities for hospital medicine patients. Additional experience with solo/independent practice (and billing) as medicine management consult for orthopedic cases at dedicated orthopedic hospital (Skokie Hospital). Experience working on dedicated Covid-19 teams (GMF, ICU step-down) with Anesthesiology, Crit-Care, Infectious Disease, and Radiology as consultants at a dedicated Covid-19 Hospital (Glenbrook Hospital).

Thorek Memorial Hospital

Chicago, IL; 8/2017 – 3/2019

HOSPITALIST ADVANCED PRACTICE NURSE

Provided Solo APN coverage to inpatient telemetry/ICU floor, as well as respond to any medical issue on inpatient psychiatric and detox units. Complete history and physicals for every new patient admitted to telemetry or ICU. Order and plan treatment of acute and chronic diseases as applicable under current standards of care. Coordinate with specialists to treat patients. Facilitate patient transfers to higher levels of care. Provide backup support to the emergency department when needed with suturing, incision and drainage, assisting with orthopedic reductions, and code situations. Experience with central lines and RSI with Glidescope assistance.

Registered Nurse (RN) Work History:

Northwestern Lake Forest Hospital

Lake Forest, IL; 1/2021 - 3/2021

INTENSIVE CARE UNIT (ICU) RN (Locums/Travel)

Provided ICU-level nursing care to mainly Covid-19 patients with a variety of oxygen supplementation needs from Invasive ventilation to nasal cannula, as well as management of multiple intravenous drips. Staffed via Locums/travel nurse agency for Covid-19/ICU surge needs from January through March 2021. Experience with floating to step-down units, such as telemetry/med surg/24 hour observation, and providing nursing care.

Rush University Medical Center

Chicago, IL; 01/2017 – Present

EMERGENCY DEPARTMENT RN II (Registry)

Provides emergency nursing care to patients across the lifespan at high volume, high acuity, 60 bed academic/tertiary center emergency department in coordination with physicians, residents, APPs, and ancillary staff. Experience with ICU-level patient care with vent, central line, pressor management while boarding a variety of patients in the emergency department.

Presence St. Mary's and Elizabeth Medical Center
EMERGENCY DEPARTMENT RN

Chicago, IL; 10/2012 – 01/2017

Provided patient-centered care to critical and fast-track patients (1-5 on ESI), from neonatal to geriatrics and psychiatric in a 30+ bed emergency department and 11 bed standby emergency department (St Elizabeths).

RESOURCE FLOAT POOL RN: 10/2013 - 3/2015

Floated throughout Hospital to provide and coordinate patient care; provide regular assistance in several units including Telemetry, Medical-Surgical, Intensive Care Unit (ICU), Coronary Care Unit (Step Down), Rehabilitation, and Orthopedics.
