## Work Experience

---

### **Registered Nurse**

Select Specialty Hospitals - Bristol, TN  
October 2018 to Present

Administered medications and treatment to patients and monitored responses while working with healthcare teams to adjust care plans.

Delivered outstanding care to patients with various diagnoses and managed care from treatment initiation through to completion.

Monitored patient condition, including interpreting and tracking EKG readings, identifying irregular telemetry readings and updating team members on changes in stability or acuity.

Informed patients and families of effective treatment options and at-home care strategies, enhancing long-term outcomes.

### **Registered Nurse**

Emergency Department - Kingsport, TN  
August 2011 to October 2018

Delivered medications via oral, IV and intramuscular injections, monitoring responses to catch and address new concerns.

Administered different therapies and medications in line with physician orders and treatment plan.

Educated family members and caregivers on patient care instructions.

Trained new nurses in proper techniques, care standards, operational procedures and safety protocols to optimize performance and safety.

Kept optimal supply levels in treatment rooms, triage and other areas to meet typical patient loads.

Observed and reported patient condition, progress and medication side effects to accurately document updates.

Collaborated with physicians to quickly assess patients and deliver appropriate treatment while managing rapidly changing conditions.

Assisted patients dealing with traumatic injuries or illnesses, including stroke patients, accident victims and cardiac patients.

Collaborated with law enforcement on criminal cases by quickly reporting injuries and collecting needed evidence.

Answered codes quickly and orchestrated efficient, skilled medical care.

Accurately documented all elements of nursing assessment, including treatment, medications and IVs administered, discharge instructions and follow-up care.

### **Registered Nurse**

Emergency Department - Bristol, TN  
August 2007 to July 2011

Monitored patient condition, including interpreting and tracking EKG readings, identifying irregular telemetry readings and updating team members on changes in stability or acuity.  
Administered medications and treatment to patients and monitored responses while working with healthcare teams to adjust care plans.  
Kept optimal supply levels in treatment rooms, triage and other areas to meet typical patient loads.
