Dear Recruiter:

I am interested in applying for a Nurse position at your hospital. Ever since I was young, I have always shared a passion for helping others no matter their age, group, or ethnic background. This keen interest to care for and help others motivated me to pursue a career in the nursing field. I pride myself in providing quality care to make my patients feel at ease while in my care. I am highly skilled at patient care and service and understand the importance of being a team player while efficiently in following orders received by practitioners and physicians.

During my collegiate experience at Prairie View A & M University (PVAMU), I served as the Class President, leadership capacities for the National Student Nurse Association, PVAMU Student Nurses Association, and PVAMU International Nurses Association. I have demonstrated my commitment to public service through volunteering with Wilson Family Caring Center, Inc. and Dynamic Possibilities.

The transition from student to a registered nurse has truly been a dream come true. I am eager to continue implementing my nursing skills I have learned as well as continue learning the best practices while being employed by your cooperation to ensure that I achieve the standards of your facility. With the confidence in my abilities and the evident track record I have to offer, I am certain that my skills, qualifications, and experience will prove to be invaluable in your practice if given a chance to serve as a Registered Nurse. I have attached my resume for your review.

I welcome a personal interview to discuss your current needs and my potential contributions. I look forward to hearing from you and thank you in advance for your consideration.

Sincerely,

Briania Ellis, BSN, RN
