

Kathleen M. Duffy

847-767-7208 · kduffyx7@gmail.com

OBJECTIVE

Through my academic and professional experiences, I have learned the values of problem solving, time management and teamwork. My critical thinking skills, ability to thrive under pressure, and desire to learn allow me to excel as a nurse in the critical patient care setting. I am looking to advance my experience to strengthen these skills and broaden the scope of my knowledge.
