I am seeking the opportunity to acquire a position in critical care which will allow me to utilize my RN Licensure and extensive background in healthcare and emergency medical services as a critical care paramedic, from both the air and ground transport environments. I am a goal oriented individual with a positive attitude seeking the opportunity to assist a quality organization in achieving the highest quality patient care. I have strong interpersonal communication skills and I am a very team work oriented individual with the ability to perform under pressure in a wide range of conditions and situations.

Authorized to work in the US for any employer
