NEW YORK CENTER FOR REHABILITATION MEDICAL-SURGICAL/TELEMETRY AUG 2019 - AUG 2020

I provide care for residents suffering from cardiopulmonary conditions. I monitor them through the telemetry and interpret the reading. I titrate the prescribed vasopressors as needed, regulate IV fluids and perform strict monitoring of the I&O. I am also familiar with using defibrillator and manipulate the mechanical ventilator and perform suctioning. I have also handled intraoperative patients. I consult and coordinate with other members of the healthcare team to assess, plan, implement and evaluate care plans. I prepare, administer and record prescribed medications and monitor for adverse reaction/s should there be any and initiate corrective action.
