EXPERIENCE

EMERGENCY ROOM REGISTERED NURSE

Victorvalley Global Medical Center

Victorville, Ca

February 2022 - Current

- Collaborated with physicians and interprofessional health care team to facilitate, coordinate and maintain quality care and achieve desired treatment outcomes.
- Evaluated and stabilized patients by managing varying acuity and conditions, from minor and non-urgent to critical and emergent.
- Remained aware of patient needs to respond quickly to changes in condition or response to treatment.
- Measured physical and psychosocial needs and factors influencing patient flow-through system to determine priorities of care.
- Initiated and documented accurate and ongoing assessment of physical and psychosocial concerns to treat patients.
- Assessed and reassessed pain by utilizing specific techniques to educate patients and families about pain management.
- Communicated with physicians about changes in patient status, symptomatology and results of diagnostic studies to optimize care delivery.
- Maintained accurate and continued nursing documentation by gathering patient histories, conditions and treatment and responses.
- Delivered direct patient care, evaluated outcomes and consulted with other specialists to adjust nursing process and enhance patient care.
- Educated patients, family members and caregivers on conditions and treatment protocols to aid in compliance and improve outcomes.

SALES FLOOR TEAM MEMBER/CASHIER /BACKROOM

Target

Victorville , Ca

September 2015 - January 2016

Floor Team: Responsible for providing guest experience in the areas of the stores designated as hardlines. Directed guest to find what they were looking for and that these areas maintained brand standards and in-stock merchandise. Prioritized guest needs over task. Helped grow sales by maintaining stocked merchandise, signs and labels on the sales floor.

Cashier: Multitasked communication while providing merchandise transactions. Attended to customers services, price checks and bagging merchandise.

Backroom: Pulled backstock items while preventing product damage to help control expenses. Picked items for guest orders, maintained backroom organization, and location accuracy while following equipment guidelines.
