Work Experience

Medical Assistant

City and County of San Francisco

August 2020 to December 2021

As a medical assistant, I assisted and supported numerous supervisors in a high demanding work environment during the height of the pandemic. I was mainly responsible for efficient delivery of vaccination services completing all activities accurately, with high quality and in a timely manner which includes the following:

- Performed data entry and appointment schedules through Electronic Medical Health Record (EPIC)
- Assessed patients and conducted COVID-19 Vaccination checklist
- Monitored vital signs post-vaccination of patients

Resident Medication Assistant

Atria - Burlingame, CA

July 2018 to June 2020

Provided sound, ethical and independent decision making ability consistent with medical protocols. Disciplined, and energetic employee who quickly established rapport with patients and colleagues. Performed all tasks with a patient-centered focus while seeking opportunities for improvement. During my stint as an in-home care nurse, I performed the following:

- Observing 5rights medication administration protocols, personal hygiene and other activities of daily living
- Monitored client behavior, emotional states, and reports concerns to case manager and document information on file.
- Aided with mobility and independence for disabled individuals and continually monitored safety.
- Collaborated with patient family members to ensure medications are taken on time.
- Ensured accurate transcription of doctor's prescription and provide details to my patient's family members.

Caregiver/Private Caregiver

Institute on Aging - San Francisco, CA

July 2015 to June 2018

During this time, I was employed as a caregiver in an assisted living facility. I was passionate with my patients, as well as showed my charismatic, caring, and calm personality. On top of providing physical and emotional support to my patients, some of my responsibilities are as follows:

- Assist 25 residents (ages 65 – 86) with daily living activities, personal grooming, including bathing and bathroom needs.
- Used mobility devices to lift and turn resident up to 170 pounds to change dressings, and transfers from chair to bed.
- Entertained residents by tirelessly listening to their stories, hosting games, and reading stories.
- Managed client schedules and accompanied patients to doctor's visits and other appointments.
