Work Experience

Registered Nurse

Mesilla Valley Hospital - Las Cruces, NM

April 2019 to Present

Offer exceptional service to pediatric patients (8-13 years of age) and families / legal guardians (including CYFD). Accurately maintain patients' records and develop a suitable course of action based on patient-specific needs. Administer medications as ordered, ensuring proper consent has been obtained for all ordered medications and documented. Provide for the overall well-being of the patient. Contact providers with concerns regarding patient's status / changes in condition early in order to ensure the most favorable outcome(s) possible. Orient new nurses (RN, LPN) to the unit and precept nursing students as opportunities are available to do so as well as based upon unit needs. Liaise with family members and offer guidance and support. Float to other units, including residential treatment and adult units, as needed based upon hospital census and staffing needs.

Staff RN

MountainView Regional Medical Center - Las Cruces, NM

November 2014 to Present

Offer exceptional service to patients and families. Accurately maintain patients' records and develop a suitable course of action based on patient-specific needs. Administer medications as ordered, prepare equipment and assist during examinations and treatments (i.e. bedside spinal tap). Provide for the overall well-being of the patient. Contact providers with concerns regarding patient's status / changes in condition early in order to ensure the most favorable outcome(s) possible. Orient new nurses (RN, LPN) to the unit and precept nursing students as opportunities are available to do so as well as based upon unit needs. Liaise with family members and offer guidance and support.

Staff RN

Rehabilitation Hospital of Southern New Mexico - Las Cruces, NM

September 2014 to April 2018

Offer exceptional service to patients and families. Accurately maintain patients' records both in paper and electronic formats, collaborate with the healthcare team (medical, therapies) based on patient-specific needs to reach established and evolving goals. Administer medications, prepare equipment and assist during examinations and treatments. Perform wound care as ordered and make recommendations for modification as appropriate. Provide for the overall well-being of the patient. Liaise with family members and offer guidance and support in order to facilitate patient returning as closely as possible to their prior level of functioning. less

House Supervisor / Charge RN (FT

Rehabilitation Hospital of Southern New Mexico

May 2017 to October 2017

In addition to carrying a reduced patient load (staff RN responsibilities): responsible for the overall stability and success of the nursing floor with direct oversight of all RNs, LPNs, and unlicensed assistive personnel. Maintaining a state of safety and support conducive to healing and the overall wellbeing of patients, visitors, and staff. Demonstrate leadership by example in all activities while creating / projecting a calm and reassuring atmosphere for all. Develop and maintain good rapport with staff; create and maintain an environment of openness and respect; educate staff on patient care issues and encourage all staff to act for the best interest of patients within their scope of practice and following the chain of command (i.e. - take a patient concern to the assigned nurse first, then escalate to the House Supervisor / Charge RN if they feel strongly it is still not being addressed). Fostering open communication and constantly seeking ways in which to further improve the same; mediate and seek resolution to staff disagreements as they occur; seek out appropriate coverage in the event of staff illnesses / emergencies / call-ins and flex staff during the shift (as appropriate for patient safety) as patient census numbers fluctuate. Directly responsible for staff / patient assignments and scheduling staff meal periods to ensure adequate and appropriate floor coverage. Provide impromptu staff education as necessary to improve understanding of a patient's condition / diagnosis to allow for the best care possible. Liaise between medical providers and staff / patients / visitors to ensure patient care needs are appropriately addressed without delaying delivery of patient care overall. Track all anticipated discharges and admissions for the shift (as well as any admissions arriving for the next shift) and make appropriate staff assignments based upon staff available and patient needs with appropriate consideration given to existing patient loads. Assist with setting staffing assignments for the oncoming shift to minimize any potential interruptions in patient care delivery. All other duties as assigned.

Offer exceptional service to patients and families. Accurately maintain patients' records both in paper and electronic formats, collaborate with the healthcare team (medical, therapies) based on patient-specific needs to reach established and evolving goals. Disaster Relief Operations Management

American Red Cross of Southwestern New Mexico - Las Cruces, NM
May 2010 to January 2012

Las Cruces, NM (May 2010 - January 2012; pending)

Disaster Services / Disaster Relief Operations Management

Organized the Disaster Services office & assumed case management / social work duties in assisting existing as well as new clients with the maximum appropriate aide, resources, and referrals possible. Developed and fostered relationships with existing as well as new partner and sister agencies, expanding the local chapter's outreach efforts into surrounding counties. Self-trained for and became a Disaster Team Captain leading responses following a call for assistance, ensuring all appropriate paperwork was completed and providing clients with lodging (authorized), meals & clothing allowances, and housing assistance (if needed). Assumed local responsibility for the nationwide disaster relief operation system and recruited volunteers to go out on national calls for assistance (once approved). Acted as assistant to the Disaster Services Coordinator - and assumed the role of Disaster Services Coordinator (as a volunteer) for all of Southern New Mexico when the position became vacant. Managed multiple disaster relief operations within the State simultaneously while managing volunteer staffing, shelter locations, relief assistance, coordination with sister agencies, and sought donations to provide adequate care and support both to our clients as well as first responders. Assisted with and participated in select fundraising events (Clara Barton Honor Society; Ride for the Red). Became a certified Disaster Services instructor. Gladly assumed all other roles / duties needing completion.
