Work Experience

Emergency Room Nurse

Inova Fairfax Hospital Medical Campus
September 2021 to November 2021

- Triage, assess, and implement emergency care to critically ill patients in level 1 trauma facility.
- Provide ambulatory care to patients requiring non-urgent medical care and escalated care as necessary.
- Helped coordinate care for homeless patients, nursing home patients, and patients requiring transfer for psychiatric evaluation and treatment.
- Responded to mental health emergencies, and worked with physicians, case managers, local law enforcement, and other appropriate agencies to ensure proper plan of care and disposition for patients.
- Worked with abuse victims; conducted interviews and provided appropriate treatment, escalating the care needs of the patient as necessary.

Registered Nurse/ Extern

MedStar Washington Hospital Center
June 2019 to August 2021

- Provide exceptional patient care on complex surgical, oncological, trauma, and ICU step down patients, exemplified through consistent positive patient feedback.
- Managed post-surgical patients via assessment and vital signs and notified physicians of necessary patient changes; escalated care appropriately and assisted with emergencies.
- Manage patients on medication drips including insulin, heparin, PCA, PCEA, and vasopressors when appropriate.
- Cared for complex COVID-19 patients and up-triaged when necessary.
- Perform weekly point of care testing for COVID-19 on patients with extended hospital stay.
- Helped create and implement plans to reduce patient falls and injury on residing unit.
- Performed supervised audits on unit-based protocols and determined effectiveness of different policies in regard to meeting monthly patient safety goals.
- Monitored patients on telemetry/cardiac monitoring and initiated emergency cardiac intervention when appropriate.
- Assessed and provided care to patients in Emergency Room setting; administered medications and assisted in sedation procedures for critically ill patients.
- Provided emergency psychiatric care to adults experiencing diverse psychiatric emergencies.
- Managed medical treatment for patients with concurrent psychiatric diagnoses

- Provided ambulatory care to patients in the Rapid Care ED.

Vaccinator

Medstar Washington Hospital Center Vaccination Clinic
2021 to 2021

- Performed COVID-19 screening and contact tracing when necessary.
- Administered COVID-19 vaccine to DC residents and staff members and monitored clients for reactions. Escalated care as necessary.

Senior Practicum MICU

Holy Cross Hospital - Silver Spring, MD
September 2019 to March 2020

- Managed critically ill patients on complex medication drips.
- Titrate vasopressor drips to maintain hemodynamic stability.
- Gave 1:1 care for especially critical patients; performed CPR when necessary.

Tutor

University of Maryland
October 2018 to August 2019

- Facilitated study sessions in the following courses: Fundamentals of Nursing, Health Assessment, and Physiopharm.

Intern (Paid)

National Institutes of Health, NHLBI
2017

- Conducted laboratory research related to the mitochondrial permeability transition pore (mPTP) and attended/participated in related lectures, conferences, and poster presentations.
