Work Experience

LPN (Licensed Practical Nurse)

Windsor Health and Rehabilitation Center - Windsor, MO

August 2021 to Present

My first true nursing job has helped me to establish my role as an LPN. I have been flexible with my schedule of responsibilities that change day to day and range from working on the medication cart, treatment cart, and even being put into the role of charge nurse early in my career. My residents specifically asking for me because they know that I will be a caring and comforting key in their rehabilitation is so important to me.

In Home Caregiver

Four Seasons - Clinton, MO

March 2019 to May 2021

Therapeutic rapport in psychiatry direct support.

Compassionate care and reassurance to patients with disabilities.

Nurse Aide

The Manor At Elfindale - Springfield, MO

March 2018 to March 2019

Assistance of daily living for the geriatric patient and patients with disabilities.

Education

LPN in Nursing

Clinton Technical School - Clinton, MO

January 2020 to December 2020
