EXPERIENCE

PREOPERATIVE NURSE

Anesthesia Associates NW | July 2020 – Currently employed

- Intake each sedation patient, evaluate history and stability to determine whether they are a candidate for sedation. Effectively communicate any concerns or high-risk areas to surgeon or anesthesia provider.
- Obtain IV access for each patient and prepare them for procedure.
- Effective documentation for handoff to anesthesia providers.
- Evaluate equipment and order supplies as needed.

ICU NURSE

North Central Bronx, NY | April 2020 – June 2020

- Crisis nurse during Covid 19 pandemic. Maintained flexibility while learning new skills and found ways to provide high quality care while operating with a supply scarcity and high volume of patients.

PERIOPERATIVE NURSE

Pacific Sports and Spine | September 2019 – April 2020

- Circulate in the operating room during moderate sedation and general anesthesia cases.
- Conscious sedation nurse responsible for the administration of IV sedatives, manage patient vitals, airway, and pain control during epidural, thoracic, and cervical injections as well as other pain management procedures.

NURSE MANAGER

Rainrock Residential Treatment Center | April 2019 – August 2019

- Nursing staff scheduling.
- Infection control and antibiotic steward.
- Assess labs and order necessary level rechecks.
- Evaluate patient's medical stability.
- Produce quality improvement case studies.

DIRECTOR OF NURSING

Hillside Heights Rehabilitation Center | October 2017 – April 2019

- Nursing staff scheduling.
- Infection control and antibiotic steward.
- Consistent quality improvement analysis and implementation.
- Evaluate daily changes of conditions and falls to assure resident safety.
- Provide support to nursing staff and oversee unit managers.

MEDIC

US Army Reserves, Forward Surgical Team | January 2009 – June 2019

- Maintain qualifications on rifle, physical fitness, and annual medic sustainment training.
- Manage PACU/ICU in a 20-person surgical team with the capability to operate 2 surgical beds in a mobile surgical unit during remote and austere conditions.
