

MOISES N. CABRERA-LUCAR, RN-BSN

17219 Valhalla Way Houston, Texas 77095
| mcabrerelucar@gmail.com | (737) 230-5605

OBJECTIVE & OUTLOOK | Skilled critical-care nurse with work experience in a level one trauma centers, seeking position at leading medical center. I obtained greater than 4 years of critical care nursing experience within the Medical Intensive Care Unit, a closed unit to critically ill pulmonology patients. Front line ICU nurse working in The Bronx, New York during the Covid-19 Outbreak. FEMA Crisis Response Nurse in Texas during outbreak. I am a great candidate for this position because I am highly skilled in maintaining and recovering unstable patients and I'm motivated by my internal drive to care for those in need.

SKILLS & ABILITIES | Strong clinical thinking and observation skills. Empathy and Compassion. Skilled in assisting providers with insertion of lines, intubation, chest tube set up and insertion, and other bedside emergent procedures. Skilled in proning patients in the setting of ARDS (manually proning and/or Rotoprone bed). Proficient with Epic E-chart, Cerner, and Meditech. ACLS, BLS, and NIH certifications. Bilingual (Fluent in Spanish).

EXPERIENCE | **RN BAPTIST HEALTH MEDICAL HOSPITAL FORSMITH, ARKANSAS**
08/12/2021-11/15/2021

- Crisis Response Covid ICU and Medical ICU.
- Managing critical-ill intubated and pharmaceutically paralyzed patients requiring proning therapy and intense monitoring.
