WORK EXPERIENCE

Registered Nurse

CHI Baylor St. Lukes Medical Center

📅 February 2016 - current

📍 Houston, TX

- Assisted healthcare team, patients, and families in charge nurse role.
- Performed required unit orders: telemetry interpretation, foley insertion, IV insertion, lab draws, CIWA assessments, swallow evaluations, NG tube management.
- Performed ordered 12-lead ekgs on telemetry population.
- Worked closely with the healthcare team in the care and management of Covid patients.
- Provided teaching and follow up for patients and their families regarding care pre/post discharge.

Registered Nurse (Travel)

Tuscon Medical Center (Triage Staffing)

📅 January 2021 - March 2021

📍 Tuscon, AZ

- Administered primary care and assessments for post procedures involving bariatric/gastric patient population.
- Educated patients and provided instructions for post-op care.
- Worked closely with Surgeons to provide ordered plan-of-care for post op bariatric/gastro patients to ensure mental and physical well-being.
- Provided detailed documentation's in sync with nurse team and surgeon request regarding post-op patient progression on unit.
- Assisted patients through teaching and encouragement to enhance success of post-op procedure: ambulation, diet control, and abdominal binder maintenance.
