Fully energized to support and apply the standards of nursing practice as established by the occupation, while showing compassion and desire to expand my skillset in the nursing field.

Authorized to work in the US for any employer

Work Experience

Registered Nurse

Mcbride Orthopedic Hospital - Oklahoma City, OK

September 2018 to Present

Prepare patients of all ages with paperwork, marking surgical sites, starting IV's, administering medications, full body assessments. Post-op monitoring, education of families and caretakers for at home care. Working alongside surgeons and anesthesiologists and gaining knowledge on multiple aspects of the surgical setting and also how to tend to the emotional needs of patients.

Registered Nurse

OU Medicine Children's Hospital - Oklahoma City, OK

2018 to August 2018

Tended to the needs of newborns and their mothers postpartum. Worked alongside physicians and other care team staff to provide safe, gentle, and effective care to a wide range of individuals.

Student Nurse/Clinical Rotations

Medical/Surgical

2016 to 2018

❖ Labor & Delivery: INTEGRIS BAPTIST HOSPITAL

Worked within a Maternity Care Unit under a Registered Nurse. Cared for patients in antepartum, labor, delivery, post-partum, and mother baby. Learned basic care and charting.

❖ Pediatrics: OU CHILDREN'S HOSPITAL

Worked with a Registered Nurse while caring for a wide range of children. Gained valuable experience in how to care for pediatrics and the treatment required for multiple health issues.

❖ Complex Care: OU MEDICAL TRAUMA ICU/EMERGENCY

Served patients in a critical care setting. Gained knowledge in caring for patients in a fast paced setting while providing the utmost quality of care.

❖ OU Children's Hospital: RN work experience on a postpartum unit. Learned charting techniques through CPN and meditech. Cared for newborns and mothers immediately preceding birth.
