RN Case Manager

Unity Hospice - Collinsville, IL
February 2014 to July 2018

Provide palliative care to patients in settings ranging from their homes to acute care settings in end of life. Provide care and education to families of loved ones who are caring for the terminally ill pt. Implementation of plan of care and ensuring that said care plans are followed by all team members. Symptom management including medication management and pain control. Proper documentation to ensure each pt is appropriate for hospice services and that they receive the care they deserve. In 2015 I became the Patient Care Coordinator. I am now responsible for auditing. Regulatory compliance, scheduling and continue to case manage a team of patients.

RN Case Manager

Passages Hospice LLC - Swansea, IL
October 2011 to February 2014

Provided palliative care in outpatient settings ranging from assessment to development and implementation of care plans. Responsible for primary care, case management and medication management. Interviewed patients to obtain medical information and measure their vital signs, weight and height.

RN

Medical Staffing Network - St. Louis, MO
January 2011 to February 2014

Sound, ethical and independent decision-making ability consistent with medical protocols. Responsible for primary care, case management and medication management.

RN

Rosewood Care Center - Alton, IL

September 2008 to January 2011

Provided quality nursing care in accordance with resident care policies and procedures. Tested glucose and administered injections. Worked as charge nurse on weekends and occasionally during the week to assist with staffing and assignment of working staff. Answered phone calls and reviewed family/resident concerns. Restorative nursing programs, which included monitoring all pt weights and adjusted dietary supplements as required. This role also included on call weekend manager for the facility. To deal with concerns in staffing and other concerns/crises situations that may arise.

RN

Alton Memorial Hospital - Alton, IL
September 2005 to September 2008

Staff nurse on Medical/Surgical floor, occasionally acted as charge nurse of this unit. Was day shift charge nurse of pediatric unit. Responsibilities included monitoring of vital signs, pain, nutritional intake, and staffing of unit. Ensured that all fellow staff nurses documentation was entered into computer in timely manner and accurately. Occasionally called to ED for pediatric pt's to be assessed and either transferred to a different facility or admitted to floor. Educated families and loved ones on medications, disease progression, expectations, and expected course of treatments. Mentored new nurses entering the unit and assisted in updating the orientation routines, policies and procedures.
