

	<p><b>TERA LITTLE</b>  123 Bayberry Ln., Winchester, KY 40391    tera_little11@yahoo.com   859-825-8745</p>
<p><b>OBJECTIVE</b></p>	<p>A dedicated Registered Nurse with Pre-Op and PACU experience who is interested to beginning my first travel assignment. Able to work in fast-pasted environments. Delivering the best patient care with a desire for new challenges and learning opportunities.</p>
<p><b>SKILLS &amp; ABILITIES</b></p>	<p>Performing plan of care interventions for patients, which includes administering medication, collecting specimens, as well as other patient care treatment. This includes documenting the patient care that was given, a current H &amp; P, orders, and surgical consent are completed prior to surgery. Monitor, record, and communicate patient status as appropriate to surgical team, physician, and family. Assisting patients with ADL, which include ambulation, elimination, and hygiene. Being able to collaborate to coordinate patient care, as needed with transferring the patient and discharging the patient home. Evaluating patient/family learning needs while providing patient/family education that is suitable for their age, culture, and condition throughout the perioperative process. Advocating for the well-being of the patient. Assessing and caring for the surgical patient throughout the process by performing preadmission testing, preparing the patient the day of surgery, and providing care for Phase I, Phase II, and any extended level of care after surgery.</p>
<p><b>EXPERIENCE</b></p>	<p><b>PRE-OP/PACU NURSE</b> CLARK REGIONAL MEDICAL CENTER WINCHESTER, KY 40391  AUGUST 2020 - FEBRUARY 2022</p> <p>Clark Regional is a 79-bed community facility which provides both inpatient and outpatient procedures. I work as a full-time nurse, including taking call in the Pre-Op/PACU surgical area after hours. Common surgeries include appendectomies, breast surgeries, hernia/colon repair, thyroid, endoscopies, cataract procedures, dental, gynecological, ortho surgeries including total joint, urology, and ENT procedures. Ages range from infants to elderly. EHR/Charting system: Medhost and CQI. Nurse to patient ratio is 2:1. Cases vary daily, so we usually have one nurse complete the charting, while the other nurse starts the IV and administers medication to the patient.</p> <p><b>PACU</b> Fort Sanders Regional Medical Center  Host Healthcare 2/28-9/19/22. 541-beds. Cerner Charting System. Surgical specialties include Bariatric, Cardiothoracic, Colon/Rectal, Neurosurgical, General/Day surgery, Orthopedic, Plastic, Sinus, Surgical Oncology, and Vascular. Phase 1. Nurse Patient ratio 1:2, critical cases 1:1.</p>
