Oh shoot. Just got 2 other emails from students in our class who tested positive over the weekend.

I am so very sorry. Please let Brielle know that we will miss her! Praying that it's something else. Thank you for letting me know and keep us posted.

Maureen

Warning - This message comes from outside of the district. DO NOT open attachments or reply unless you are sure of the sender's identity.

Hi Maureen, unfortunately Brielle (and her youngest sister) are quite sick with fever and cough. I will be calling the doctor in the morning and hopefully getting them in to be tested sometime in the day. Brielle will be out until results comes back and she's better. Praying it's not covid 🙄🙏. I will keep you posted. Thank you.
