## Work Experience

---

### **Registered Nurse (RN)**

RICHARD L. ROUDEBUSH VAMC INDIANAPOLIS - Indianapolis, IN

2019 to Present

May 2019- Present

- \* Provide attentive bedside care and treatment to veterans suffering acute and chronic disease.
- \* Administer IV and non-intravenous medications and closely monitor patient condition, quickly identifying side effects or reactions, giving the appropriate counteracting medication, and recording any changes in condition.
- \* Maintain complete and accurate patient records and reports, providing extensive detail on each patient's health condition and disease states to optimize any future treatments.

### **Registered Nurse (RN) & Charge Nurse**

IU HEALTH METHODIST

2017 to May 2019

- \* Promoted to a position of increased authority and responsibility due to in-depth medical knowledge, exceptional patient care skills, and superior leadership abilities.
- \* Manage the 32-bed unit's daily operations, including coordinating admissions/discharges, monitoring 15 progressive care beds and optimizing general patient flow.
- \* Provide attentive bedside care and treatment to patients suffering acute and chronic diseases, as well as following tracheotomies, nephrology drains, and transition onto ventilators.
- \* Administer IV and non-intravenous medications and closely monitor patient condition, quickly identifying side effects or reactions, giving the appropriate counteracting medication, and recording any changes in condition.
- \* Maintain complete and accurate patient records and reports, providing extensive detail on each patient's health condition and disease states to optimize any future treatments.
- \* Perform venipunctures and capillary punctures to collect blood samples and label and deliver them to the lab for comprehensive testing and analysis.
- \* Uphold a calm and focused demeanor during emergency situations and guide colleagues to efficiently perform required procedures without sacrificing quality of care.

IU HEALTH METHODIST - Indianapolis, IN

2016 to 2019

### **Certified Nursing Assistant & Patient Care Technician**

IU HEALTH METHODIST

2016 to 2017

- \* Monitored patients' vital signs by carefully checking and recording readings for temperature, pulse, respiration, and blood pressure using dependable clinical tools and devices.

- \* Established a caring and compassionate environment by providing comprehensive health education and emotional and psychological support to patients, friends, and families.
- \* Protected and enhanced patients' privacy and healthcare security by maintaining strict HIPAA compliance.

### **Certified Nursing Assistant**

GREENWOOD VILLAGE SOUTH - Greenwood, IN  
2015 to 2016

- \* Preserved the dignity of dementia and Alzheimer's patients and minimized their discomfort while providing high-quality care and supervision, such as changing bedpans, diapering, emptying drainage bags, and bathing.
- \* Assisted with obtaining specimens, monitoring vital signs, and other diagnostic procedures, coordinating with physicians and nursing staff to optimize accuracy and efficiency.
- \* Precisely performed a wide range of standard vital checks during routine patient assessments, including blood pressure, blood sugar, and heart rate.

### **Certified Nursing Assistant**

GREENWOOD MEADOWS - Indianapolis, IN  
2014 to 2015

- \* Delivered care and companionship to elderly individuals who have lost independence due to disease or disability.
- \* Monitored vital signs, observed patient condition, reported changes to RN, and administered treatments and medications in accordance with physician orders and facility policies/procedures.
- \* Collected and distributed specimens to the laboratory department, ensuring prompt and precise delivery to minimize turnaround time on required diagnostic procedures.
- \* Maintained a courteous, responsible, and professional demeanor and offered respect and dignity to patients, families, visitors, and colleagues to foster a warm, welcoming, and safe environment.

### **Certified Nursing Assistant**

WESTMINSTER VILLAGE - Terre Haute, IN  
2013 to 2014

- \* Successfully promoted patients' circulation throughout different areas of the body by assisting them with range-of-motion activities, enabling them to live a more active life.
- \* Continuously verified patient weight and vital signs, such as blood pressure and pulse, as well as nutritional and fluid intake, monitoring their stability and reporting relevant changes to the charge nurse.
- \* Performed all patient management duties in strict adherence with hygiene protocol and equipment cleanliness and serviceability standards.
- \* Managed phone lines, responded to patient and visitor inquiries, and executed other administrative tasks as needed to maintain efficient workflow.
