## Work Experience

---

### LVN/Consultant

Serenity Retirement Services, Inc. - Fowler, CA

July 2016 to Present

Monthly and weekly skin assessments, follow up with caregiver reported skin concerns, medication room and medication logs audit, communication with administration, doctors, families, residents in RCFE. Oversee and work with lead med tech and other med techs. Attend seminars and trainings for RCFE. Became certified through the National Council of Dementia Practitioners.

### Program Coordinator of Clinical Services-LVN

Alternative Ways - Fresno, CA

2013 to October 2019

#### Responsibilities

Assess and review consumer medical records to formulate a restricted healthcare plan or protocol based on the consumer's restricted health dx, or condition, requiring instruction for staff and/or caregiving teams of ARF's or adult group homes. Teach and train staff and caregiver teams on those healthcare conditions and needs of consumers. Full assessments, follow up with consumers s/p surgical procedures, not treatment based as in home health, but following progress or decline of wound, teaching care of wound. Reporting to supervisor. Documentation.

#### Accomplishments

Making a difference in the health and well being of consumers, when the effect of the teaching and training of caregivers can be seen when consumer is benefiting from the care provided by caregivers.

## Skills Used

Providing good customer service for consumers and those involved in their care. Assessment and communication skills with consumers caregiving team.
