- Experienced critical care nurse seeking to develop a strong nursing background and further my education within my employment while facilitating the skills I have obtained in critical care.

Authorized to work in the US for any employer

Work Experience

Registered Nurse

Methodist Northlake Hospital - Gary, IN

May 2019 to Present

I am employed on the cardiac/neuro IMCU at Methodist NL campus. I have experience with vents, drips, telemetry and have developed multitasking skills under a high stress environment. I love my job but I am looking to broaden my skills.

Medical Assistant

PODIATRIC MEDICAL ASSOCIATES

October 2016 to December 2017

Front desk duties include checking patient in and entering the correct information into our system. Any changes were updated. Direct patient care included getting patients into the examination chair, charting reason for visit and update any changes in the patient's chart. Before the physician examines the patient, I ensured the room was set up for any procedures anticipated within the reason for visit.

Education

ASN in Nursing

IVY TECH COMMUNITY COLLEGE OF CROWN POINT

May 2019

Nursing Licenses

RN

Skills

- MANAGEMENT
- Within my clinical work, I have learned to adequately delegate tasks, prioritize goals and implementation, be a strong member of a team, and complete tasks in a timely manner.
- COMMUNICATION

- I use concise, clear language when communicating to ensure information is adequately received. I thoroughly review information before making important decisions and I make sure that my team communicates with each other to maintain the best possible patient care. LEADERSHIP
- I have always taken on and completed every task delegated to me and I am comfortable delegating tasks and ensuring they are done promptly and correctly. I am somewhat of a perfectionist which has always been a positive within my workplace.
- Critical Care Experience
- Hospital Experience
- Nursing
- Vital Signs
- IMCU
- Experience Administering Injections

Certifications and Licenses

BLS, ACLS
