To gain experience and knowledge and to utilize my skills as a registered nurse in a manner that would provide security to patients, family members, and hospital staff. I'm experienced and fully qualified registered nurse who is efficient, thorough and passionate about delivering the best levels of care to patients. I also possesses extensive long term care nursing experience and has the required physical, mental and emotional strength to stand up to the rigors of this demanding profession. I'm able to work autonomously and has vast knowledge of using the latest state of the art medical equipment to treat, observe and record the condition of patients.
