Work Experience

Travel Labor and Delivery RN

Cross Country Nurses - Rochester, NY

September 2021 to January 2022

Travel Labor and Delivery Nurse for high risk labor unit.

Registered Nurse

Carilion Clinic - Roanoke, VA

September 2018 to September 2021

Labor and Delivery Nurse

Practice critical thinking and effective assessment skills through attentive patient care and documentation in triage, antepartum, labor, delivery and recovery. Ensure fetal well-being during labor through effective monitoring and accurate interpretation of fetal tracing. Demonstrate respect for patient's rights by adhering to HIPPA, ensuring patients are aware of individual plan of care, and acting as a patient advocate. Efficiently respond to both emergent and non-emergent needs of medical personnel as the primary circulating nurse in the operating room.

Registered Nurse

URMC - Rochester, NY

May 2017 to July 2018

Assistant Nurse Manager- Orientation Coordinator

Maintains role as charge nurse and floor nurse while also completing administrative and leadership duties to include: onboarding new RN and LPN hires, conducting audits, and completing annual reviews of staff members. Serves as primary contact for new employees and ensures compliance with hospital and service level educational requirements.

Provide mentorship to both experienced and new staff nurses throughout the orientation/preceptor process.

Registered Nurse

URMC - Rochester, NY

October 2014 to July 2018

Birth Center Nurse

Collaborates with healthcare team to provide competent and efficient care for low-moderate risk laboring women, postpartum mothers, and newborns. Serves as charge nurse, preceptor for new hires and capstone students, and as contributing member of unit councils. Competent in the management of laboring patients and in providing support and education for the mother-infant dyad through couplet

care. Proficient in the assessment and care of newborns and in supporting the breastfeeding or formula feeding mother. Provide family centered care to new parents focusing on newborn care and education.

Registered Nurse

Carilion Clinic - Roanoke, VA
April 2014 to October 2014

Birth Response Team

Provide care for neonate in initial minutes of life through first 2 hours of life. Collaborate with neonatologist and respiratory therapist as needed for infant support. Perform initial assessment of infant in delivery room, assign APGAR scores, determine infant needs for transitioning - with mother, need for transitional nursery, or need for NICU consult/admission. Initiate Kangaroo care in delivery room for wellborn infants to promote infant/mother bonding and breastfeeding. Recognize need for additional interventions for infants with complications. Provide initial support and education to new parents regarding infant care.

Registered Nurse

Carilion Clinic - Roanoke, VA
December 2013 to October 2014

Postpartum Unit and Wellborn Nursery

Promote mother-infant bonding through couplet care of infant and maternal/family education. Proficient in the care of newborns and support of the breastfeeding or formula feeding mother. Perform maternal and newborn assessments; coordinates with necessary team members such as pediatrician, OB providers, lactation consultants, and social service representatives to provide comprehensive care for mother-baby dyad.

Registered Nurse

Carilion Clinic - Roanoke, VA
July 2013 to December 2013

Clinical Resource Pool

Functioned as resource RN for various units of the hospital including- all Med/Surg and PCU units. Provided care to patients of all ages and varying levels of illness. Gained ability to proficiently triage patient care needs, multitask, and adapt to a frequently changing patient assignment.

Education

Bachelor of Science in Nursing

Radford University School of Nursing - Radford, VA
May 2013

Bachelor of Science in Natural Resources and Ecology

University of Vermont - Burlington, VT
May 2005
