## Work Experience

---

### **Wallen operator**

Olam - Deming, NM

June 2021 to October 2021

Used to use the wallens to stack the product in to a pallet by using operating controls and write the codes and the hours the pallet was completed and when i started the pallet on a sheet

### **ForkLift Operator**

MIZKAN AMERICAS - Deming, NM

July 2020 to October 2020

I had to fill a sheet of the forklift every day to verify if the forklift was in good conditions and clean the filter every day and check all the functions and then start working unloading boxes from the trailers and staking them and putting them bar codes to specify the farm and the type of product

### **Assisted living facility**

Casa de cuidados el tata - Nuevo Casas Grandes, Chih.

January 2019 to December 2019

I used to take care of geriatric patients by giving them food applying their insulin giving the medicine at the transcribed hours take vital signs every 6 hrs. I had a sheet were i used to take notes of the patients and write the vital signs and if they have taken their medicine or ate well.

### **Computer Technician, seller, programing**

Computodo - Nuevo casas grandes, chi

January 2018 to November 2018

I used to start cleaning everything in the company then go back with my partner to start programing broken computers that had virus issues or open a computer and take the broken pice and replace it for a better one or some times to upgrade by putting a higher RAM card or Intel or large HDDR disc, we used to do any kind of things there like selling as well selling 2nd hand computers, installing wifi, installing cameras at houses, making arcade machines and placing them on different stores at the city.
