PROFILE

Diligent and passionate registered nurse with an acute med-surg background of over 4 years. Additionally gained a substantial knowledge base in the specialty of nephrology. Proudly cared for patients afflicted with COVID-19 since April 2020. Having held strong as a healthcare provider during the most difficult of times, I am now seeking the opportunity of a travel nurse assignment in order to better utilize my skills, experience and commitment toward serving my community while enjoying the numerous benefits of this unique career path.

EXPERIENCE

TRAVEL RN-2SOUTH TELEMETRY& TRAUMA/MED-SURG (NORTH SUBURBAN MEDICAL CENTER IN THORNTON, CO)

GIFTED HEALTHCARE | FEB 2021 - CURRENT

- Cared for post-op cardiac cauterizations and AICD/pacemaker placements; managed cardizem/heparin/amiodarone drips
- Treated patients undergoing cardiac emergencies such as unresolved a.fib RVR, acute strokes/STEMI's and pulmonary embolisms
- Additionally, provided care to patients with COVID-19
- As of July 2021, this unit transitioned to a trauma speciality
- Treated patient with complex orthopedic surgeries, gunshot wounds, and traumatic brain injuries

CHARGE NURSE-5E NEPRHOLOGY/MED-SURG PRN

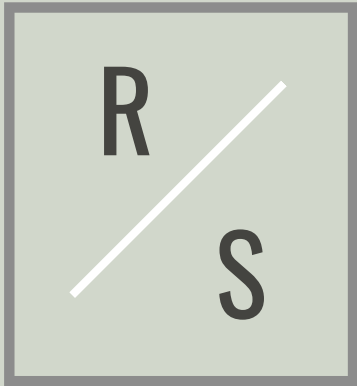

OUR LADY OF THE LAKE REGIONAL MEDICAL CENTER | MAY 2018 -
FEB 2021

- Oversaw and managed unit staff comprising of RNs, LPNS, and additional ancillary staff; assisting with effective resolution of patient-staff and staff-staff conflicts when necessary
- Oriented and precepted over 10 nursing students and new graduates; displayed patience and provided support as a mentor
- Responded to and coordinated care during emergencies such as code blues, code fasts and MET calls
- Created oncoming shift assignments in collaboration with nurse manager and house supervisors, adjusting to unexpected changes when necessary to keep unit running smoothly

STAFF RN-5E NEPRHOLOGY/MED-SURG

OUR LADY OF THE LAKE REGIONAL MEDICAL CENTER | MAY 2017 -
FEB 2021 (FULL TIME) | FEB 2021-CURRENT (PRN)

- Provided quality nursing care to a diverse population, including renal patients with other complex medical diseases/illnesses
- Communicated with other healthcare members in order to plan and implement treatment strategies; making adjustments as needed
- Provided education to patients on disease management/health maintenance; personalizing it each of my patient's needs and concerns
- Upheld patient confidentiality in accordance to HIPPA and hospital policy
- Provided care from April 2020- Feb 2021 on a specialized COVID-only unit (considered med-surg/step-down)
