Work Experience

Registered Nurse - Travel Assignment

Columbus Specialty Hospital - Columbus, GA

February 2022 to August 2022

As a long term acute care registered nurse, you provide care to patients on ventilators with chronic conditions and prolonged or incurable illnesses. I provided daily assessments, medications administration and hanging critical drips.

Registered Nurse - Travel Assignment

East Alabama Medical Center - Opelika, AL

November 2019 to December 2021

Working as an RN on a telemetry/med surge unit, I am required to perform a variety of bedside care. I am responsible for assessments, planning, evaluation, patient admission/discharge, patients safety, charting, medication administration, and blood transfusions. I work with a host of patients that have diabetes, heart disease, stroke, and surgical patients. Telemetry nurses work to provide bedside care but also use technology to monitor and interpret their patient's EKG rhythm, track vital signs, and oxygen levels. They also need to pay attention to their patients' psychological and emotional needs, which can affect a person's heart function.

Registered Nurse

Saint Francis Hospital Wound Care Center - Columbus, GA

July 2013 to March 2020

As an RN, I am Registered medical professional who performs a variety of bedside care. As an RN, I perform many duties. We are working patients up to see the physician, charting, and providing overall care. Working at the Wound Care Clinic, I am responsible for patient safety, charting, closing out charts when the physicians are done and scheduling returning appointments. I also measure and take pictures of wounds, wash, and clean them. I'm also responsible for applying the appropriate medication, compression wraps and applying wound vacs to patients that require them.
