Highlights of Clinical Skills:

- Performed technical skills under nurse supervision for diverse populations such as insertion of foley catheters, G-J tube management, lab draws, IV insertion and medication administration.
- Under the supervision of an RN preceptor, I managed care for patients' post-surgery including maintaining A-lines, maintaining chemotherapy precautions per unit protocols for HIPEC patients, performed vascular checks and used doppler on vascular patients, and managed care for covid patients post-surgery while maintaining unit prevention protocols.
- Performed pin care procedures for pediatric patients.
- Assisted nurse and EEG technician during EEG procedure for pediatric patient.
- Managed care of two neonates in the special care nursery.

PROFESSIONAL EXPERIENCE

Registered Nurse - Definitive Observation Unit

April 2022 - Present

Ventura County Medical Center, Ventura, CA

- Complete assessments and all interventions on assigned patients.
- Administer medications as ordered by physician.
- Continuously monitor patients and report any acute changes to physician.
- Obtain and clarify physical orders as needed.
- Communicate effectively with patients and their families
- Communicate with physicians and other members of the healthcare team to provide adequate and safe patient care.

Account Manager

March 2017 - September 2019

Refuse Specialists, Camarillo, CA

- As an account manager I managed over 750 properties for multiple clients across the country.
- My duties included monitoring my client portfolio to prevent accounts from becoming past due, creating budget reports for clients, and completing day to day client requests.
- Assisted the sales team with getting signatures from clients on vendor contracts.
- Set up and maintained account templates for my clients.

Invoice Assurance Lead

March 2014 – March 2017

Refuse Specialists, Camarillo, CA

- As lead for the invoice assurance team, it was part of my responsibility to stamp, scan, rename, upload, and log all invoices we received through the mail, email, and different online vendor accounts.
- Prepare deal packages and bid requests when new clients are acquired and send them out to vendors notifying them of when we take over handling a property.
- Complete special projects for sales team, account managers, and director of operations.

PROFESSIONAL EXPERIENCE, CONT.

Receptionist

January 2013 – January 2014

Vector Marketing, Ventura, CA

- As a receptionist I would make outgoing calls and answer incoming calls, take messages, and route calls to the appropriate individuals.
- I also scheduled applicants for interviews and trainings sessions if they got accepted for the position.

Intern

July 2012 – December 2012

Doctor Ekerette Essein, Montclair, CA

- Reviewed articles and worked on various psychological vignettes that offered scenarios in which the objective was to diagnose and treat disorders.

Undergraduate Research Associate

September 2011 – December 2011

Doctor William Shadish – University of California Merced, Merced, CA

- Found assigned articles using different databases (PSYCInfo and Google Scholar) then used a program named Ungraph to digitize different types of graphs.
- Entered the data that was digitized from the graphs into a table before submitting the findings.

CERTIFICATION & LICENSURE

- CPR and BLS certified, American Heart Association
- ACLS certified, American Heart Association
- License Registration Type/Number: Registered Nurse - 95271968
