Authorized to work in the US for any employer

Work Experience

ICU RN

Select Specialty Hospital - Oklahoma City, OK
October 2020 to December 2021

Thoroughly assess and observe the patient's condition and participate in urgent medical procedures as needed, assist respiratory therapists and physicians with ventilator weaning and other aggressive treatment based on each individualized plan of care, manages both pain and anxiety relief, provides extensive education and overwhelming support to patients and their family members while maintaining a trusting yet professional relationship throughout their stay, accurate and informative communication between various levels of care

Registered Nurse/Charge Nurse

Inspire Specialty Hospital - Midwest City, OK
February 2020 to October 2020

Through the role of charge nurse I would delegate & oversee other nurses while treating patients assigned to myself; Assess, guide and motivate other nurse's performances throughout our shift, completed administrative tasks while ensuring a high level of care, Assess, treat and educate a variety of patients and family in a critical setting, Deliver quality care of all assigned patients meeting or exceeding expectations, Customer service recovery when indicated, accurate documentation for each patient, effective communication with fellow staff members, superiors and interdisciplinary teams

RN/CASE MANAGER

ROSS HOSPICE HEALTHCARE - Chickasha, OK
November 2017 to December 2019

Used the nursing process to assess, plan, implement, and evaluate patient care. Sought out and applied a variety of resources made available. Offered extensive, on going education, was a source for emotional and practical support for both the patient and their family/caregiver. Provided periodic wound care, administered/delivered medications and ensured proper documentation of all provided care.

RN ICU

SELECT SPECIALTY HOSPITAL - Oklahoma City, OK
May 2015 to November 2017

Thoroughly assess and observe the patient's condition and participate in urgent medical procedures as needed, assist respiratory therapists and physicians with ventilator weaning and other aggressive

treatment based on each individualized plan of care, manages both pain and anxiety relief, provides extensive education and overwhelming support to patients and their family members while maintaining a trusting yet professional relationship throughout their stay, accurate and informative communication between various levels of care
