## Expérience

---

### **Missionary**

The International Mission Board

2018 - aujourd'hui

- Partook in full time language learning in order to learn French
- I taught English to students, eager to learn and advance their understanding.
- Volunteered with an association seeking to help refugees through giving discounted food to them

### **RN**

Suburban Hospital Med-Surg Telemetry Unit

2016 - 2018

- Monitor and coordinate patient care with the patient's care team
- Provide educational, emotional and psychological support to patients and their family members
- I personally served as co-chair of the unit-based committee to improve our unit.
- I also served as a clinical coach to teach students rounding on our unit.

### **Telemarketer**

Samford University Phonathon

2014 - 2016

- Raised revenue for all of the Colleges and Departments of the Samford University by calling alumni directories and reestablishing relationships within the institution's divisions.
- Updated alumni records and information
- Closed pledges and donations over the phone by building rapport with potential donors
- Maintained contact established with donors to relay pertinent information regarding developments to the Universities respective colleges as well as opportunities for the future.
