## **CLINICAL EXPERIENCE:**

---

**Medpool Pro's Medical Staffing Agency**

*RN*

**Fort Collins, CO**

*March 2020 - October 2020*

- Gained experience in a wide range of healthcare settings including: acute psychiatry, neuro, rehab, and long-term care.
- Practiced skills such as wound care, trach care, medication administration, comprehensive assessments, and client education.
- Utilized holistic client care practices and facilitated client education in elderly, adolescent, psychiatric, and post-TBI populations.

**Right at Home**

*Caregiver*

**Fort Collins, CO**

*March 2019 – March 2020*

- Gained meaningful experience working with elderly and disabled individuals having a variety of care needs.
- Assisted clients with meals, medication, bathing, ambulation, and transfers. Organized social events and excursions.
- Facilitated collaborative goal-setting between care team and clients.

**Adult In-patient Medicine**

*St. Mary's Hospital*

**Montreal, QC**

*Summer 2018*

- Performed comprehensive head-to-toe assessments and clinical monitoring. Prepared and administered medications. Completed diagnostic testing and evaluated the results.
- Administered blood product and other intravenous infusions. Monitored for adverse reactions.
- Large quantity of clients helped develop patient-care skills, professional communication techniques, organizational and time-management abilities.

**Intensive Care Unit**

*MUHC Glen Site*

**Montreal, QC**

*Fall 2016*

- Performed a wide range of nursing techniques including: wound care, blood transfusions, bacterial and viral cultures, ventilator care, and central line care.
- Worked with post-transplant and post-surgical patients with cardiac, respiratory, renal, and GI illnesses.
- Obtained meaningful experience using the principles of infection prevention and control in high-risk populations.
