Profile

Passionate and dedicated nurse with over 16 years of healthcare experience in a variety of hospital settings including Medical/Surgical, Telemetry, IMCU and Stat RN. Vast experience and able to bring forth the ability to thoroughly assess health of patients and carry out the treatment programs for optimal health. Adept in working as a collaborative team member to ensure that patients receive the highest level of care as possible.

Employment History

Medical/Surgical Stat RN, UMASS Health Alliance
June 2017-present

Provided support to the patient care unit staff and to the patients. Provided direct patient care to inpatient units during peak periods of activity and changes in patient condition. Responded to all Rapid Responses and Code Blue emergencies. Facilitated care until patient stabilized or disposition determined for all Rapid Responses. Facilitated patient flow/decompression of ED by transporting monitored patients to an assigned inpatient bed. Assisted physicians with bedside procedures, medication passes, difficult IV sticks and accompanied patients to testing due to medical instability. Assisted ECHO Techs with Lumason administration and bubble studies at the bedside. Assisted with patient intake, admissions, assessments and discharges providing patient education and advocacy.

Float Pool Nurse, UMASS Health Alliance
August 2005 - June 2017

Provided high level patient care on Medical/Surgical, Telemetry, IMCU, ER boarder patients and CCU boarder patients. Carried out tasks in accordance with patient care plans and physicians orders, hospital policy and scope of practice.
