Work Experience

Clinic RN

Oak Street Health - Fort Worth, TX

April 2021 to Present

As the clinic RN I have to focus on building relationships with Oak Street Health patients, manage patient's care plans, perform proactive phone and in-person outreach to our patients based on their care needs, support Care Team decision making, participate in weekly care team meetings, and generally coordinate all clinical and auxiliary services needed to provide a high quality health care experience from Oak Street Health.

Responsibilities: Telephone support and triage for patients, scheduling problem visits or nurse visits when appropriate, offering symptom management, supporting refill requests and answering visit follow-up questions. Provide patient education, particularly around chronic health conditions. Provide direction to MAs to support delivery of procedures, telephonic support and patient instructions. Conduct medication and testing authorizations.

RNCM

St. Gabriel's Hospice - Fort Worth, TX

February 2019 to Present

As a Case Manager I provide support to patients and families facing terminal diseases and conditions. I assess and evaluate a patient's physical condition and develop a care plan that addresses any medical needs and social services. Coordinate the efforts of medical and nursing team members to provide appropriate care, including all hands-on nursing care to patients from admission to discharge/ death.

Registered Nurse

DaVita - Camden, AR

January 2018 to Present

As an RN, I am responsible for assessing, trouble shooting and making sound recommendations in stressful situations, listen and communicate with patients and teammates. I am responsible for providing dialysis treatments, medications, and educate patients daily.

Licensed Practical Nurse

OVFC - Camden, AR

January 2015 to December 2017

As an LPN, I am responsible for patient preparation, as well as, assisting the physician with procedures and minor surgeries. Also performs various diagnostic tests and patient education in the clinic. Maintains equipment and acts as liaison between the physician and all outside agencies to include hospitals, nursing homes, DME companies, pharmacies, HMO's and other physician's offices, as well as, with the patient. Supports other medical staff members as necessary to maintain patient flow.

Licensed Practical Nurse

Doctors Home Care - Camden, AR

August 2013 to December 2014

As an LPN, I was responsible for coordinating care from RN intakes, and LPN daily visits, calling patient's for checkup, and coordination with PT, OT and ST, all while making sure PCP office was up-to-date on all patient care. Also worked on chart review, as well as occasionally making patient's home visits.

Licensed Practical Nurse

Stephens School District - Stephens, AR

April 2013 to May 2013

As an LPN, I was responsible for oversight of student's health services and to promote health education, advocating for the physical, emotional, mental, and social health of all students and employees. Medicate students, and performing screenings as required.

Licensed Vocational Nurse

Envision Home Care - El Paso, TX

September 2012 to January 2013

As LVN, I am responsible for 16-18 patients care at home. Evaluating as per patient's need and reporting patient's status changes. Responsible for all patient care, medication, wound care, teaching. Recertification of patient's every 90 days, and managing CNA's work schedule, as well as supervision, and support as needed.

Envision Home Care El Paso, TX

Licensed Vocation Nurse

Prison Health Services - El Paso, TX

September 2011 to September 2012

Licensed Vocation Nurse

November 2009 to September 2011

As an LVN, I am responsible for patient screening and triage including referring patients to medical/psychiatric or nursing evaluation as needed, initiating routine lab tests and protocols, administering medication, preparing patients and charts to be seen by the physician, teaching patients to create a setting with the emphasis on disease prevention and health maintenance.
