PROFESSIONAL OVERVIEW

Reliable LPN with a positive attitude and strong desire to learn. Adept at fostering productive professional relationships with all members within the patient care team. A strong patient advocate with close attention to detail providing accurate, high quality assessments.

WORK EXPERIENCE

LPN, Alzheimer's & Dementia Care Nurse

Charter Senior Living-- Vernon Hills, IL | April 2020 - Present

- Provided behavioral/emotional support to residents with Alzheimer's and dementia related to various neurodegenerative diseases.
- Assessments to determine appropriate patient care and effectively communicate with all members of the care team.
- Medication management and administration including receiving and carrying out new orders from providers
- Identified patient care requirements by establishing personal rapport with patients and their families; documented patient care services by charting in patient and department records.
- Maintained continuity among nursing teams by documenting and communicating actions, irregularities, and continuing needs
- Supervised and delegate tasks to Unlicensed Assistive Personnel

LPN, Lab Manager

Sterling Urgent Care-- Hailey, ID | October 2018 - December 2019

- Demonstrated proficiency while rooming patients, collecting vital signs, medical histories and prioritizing care based on assessment findings.
- Liaised between patients and physicians to ensure patient comprehension of treatment plans.
- Performed venipunctures, IV fluids/medications, injections, assisted providers with minor procedures and various ancillary tests (e.g., EKGs, immunoassays, chemistry analysis, hematology and urinalysis).
- Solely responsible for oversight of daily lab operations, maintaining all lab equipment, trouble-shooting errors, completing daily controls, quarterly proficiency tests & monthly QC reports.
- Developed and maintained Standard Operating Procedures (SOP) and initiated monthly laboratory staff proficiency training.

LPN, Health Services Manager

Army Lake Camp-- East Troy, WI | May 2017- Aug 2018 (seasonal)

- Provided First-Aid and dispensed PRN medications using standing orders to Campers and staff members.
- Solely responsible for medication management and administration including intake and release of all medications on site.
- Demonstrated HIPAA compliance while receiving organizing and maintaining health records for each Camper and staff member on site.
- Maintained inventory of medical supplies and completed weekly equipment inspections at all emergency stations throughout camp.
